

eve

is an elegant and refined wall mount for iPad and iPod touch. As smart home systems today are more and more controlled with iPad, Eve is the perfect solution to secure the iPad in style on the wall. Eve is simple in design, installation and use.

Eve Air
brushed black
rounded cover

Simple in design

Eve, the ultimate iPad frame, embraces the iPad or iPod and turns it into an amazing on-wall touch screen, while fully respecting its design. The entire frame is precision machined out of a single block of aluminium and is available in various high-quality finishes such as brushed aluminium, brushed black and satin white.

Eve for iPad is available with a rectangular or rounded cover while Eve touch is only available with a rounded cover. This cover hides unsightly cables and connections.

puck 2A USB charger

installation of frame using 2 screws

compatible with Lightning connector

Simple in installation

Eve is easily mounted on the wall using two screws. It can be positioned in portrait or landscape orientation.

The iPad/iPod can be permanently charged using an iPad/iPod charger (220V) or the puck USB charger. The puck USB charger is a small device that is hidden in the single gang wall box behind the iPad or iPod. It requires an input voltage of 10V – 30V DC and an input power of 12W.

The puck is connected to the iPad or iPod, so the battery is constantly charged and the device is always ready to use. The Eve cover hides unsightly charging cables or connections.

Eve mini
satin white - rounded cover

Simple in use

As smart home systems today are more and more controlled with iPad, Eve is the perfect solution to mount your iPad in style on the wall. For commercial applications like retail and hospitality, Eve is available with security cover. By means of a small tool, the iPad can easily be unlocked and removed again.

Eve touch
brushed aluminium

Eve touch for iPod touch 5 & 6

iPod touch is a handy replacement for the larger iPad tablet, in rooms where only a small screen is needed. Eve touch is available in the same finishes as the other Eve frames. The installation of this frame is very simple, as only two screws and a US single gang wall box are needed. Eve touch can be equipped with a puck USB charger, which ensures that the iPod remains charged and is always ready for use. No unsightly cables or connections are visible.

Table base for Eve mini, Eve Air & Eve Pro 9.7"

The table base for Eve mini, Eve Air and Eve Pro 9.7" supports these elegant mounts and can be installed on a table or desk.

This accessory leads to more ease of use and can be used in both residential and public applications. It serves as a perfect solution for hotels or restaurants at the reception desk or as a publicity screen. Of course, this table stand can also be very handy as an extra screen in your kitchen or living room.

The table base accessory is machined out of satinised high-grade aluminium, optimised for either a portrait or landscape orientation of the iPad.

A full table stand requires an Eve frame and cover, together with a table base accessory. You can find the table base product codes on the next page.
